Policies for New Attendees

- All dogs must pass a temperament test to participate in daycare or boarding programs, at a cost of $25
- All dogs must have proof of rabies, distemper, and kennel cough vaccines
- Dogs over 8 months must be spayed or neutered
- Dogs must come to daycare at least twice after the temperament test before they can board
- Once approved, your dog must attend daycare at least once every 6 months to stay active in our system

Temperament Test Process

To ensure the safety of your pup and our pack, each dog must pass a temperament test prior to participating in daycare or boarding.

- Temperament tests run approximately three hours.
- During this time our staff will evaluate your pup to ensure they are able to:
  - Calmly settle into a kennel
  - Understand basic communication cues from humans and other dogs
  - Regulate their energy effectively
  - Engage in safe play in a group setting

All dogs who pass the temperament test are subject to a two-visit trial period. Our goal is to provide a fun, happy, and safe environment for all.
