Other Policies

- We happily offer a 10% discount on our services for members of our military and first responders.
- For a full list of holidays, please visit the **Policies** page on our website (<https://pupsnh.com/policies/>)
- If your dog is sick, please keep them home. To minimize the spread of kennel cough (or other communicable diseases) we request that your pup wait 2 weeks before coming to our facility if you attend another daycare or boarding facility.
- All pups must be on a leash when entering & exiting our space, including in the parking lot. While your pups are friends at daycare, they may act differently in the presence of their parents, including acting in a protective manner (even with pups they know and with whom they regularly play). Please give other pups and parents space.
